stood in front of the closed hangars. * A plane of the same type

, landed at the field at 11:45 a.m. Truck was seen at the field.

2. About 30 single-engine planes and 25 biplanes were parked on the eastern edge of the field at 4 p.m. on 10 May 1950. Five biplanes made local flights.

50X1-HUM

* Comment. the presence of ground attack aircraft at the Staaken airfield. The ground attack regiment was transferred from Jueterbog to Staaken in early April 1950. In addition to the ground attack regiment, an air transport or air reconnaissance unit, equipped with twin-engine planes, is believed to be stationed in Staaken. According to the number of twin-engine aircraft, the unit is probably of squadron strength.
